

The haunted lighthouse was
 one night in the town of Weymouth a storm occur
 ed and frightened the townspeople. But a ~~group~~^{group}
 of boys went to a abandoned lighthouse. As they walked
 up to the lighthouse. "Are you scared about this?" asked Tom
 worriedly. Tom is the kind of person that is scared of every
 thing. "ye it will be gone just come on we are here now." said
 Steve.

As they opened the door it creaked loudly it was so dusty
 that it looked like it was made of dust. They rooted around
 and found bits and bobs but one thing caught Rob's eye a key.
 Rob is that person that finds everything. "I just found
 a key." ^{said Rob} He put it in his pocket. "Everyone lets go up stairs"
 said Steve. Every one went up the creaky stairs. There
 were a locked door so they put the key in and turned
 it. "It worked!" shouted Rob. So they opened the door
 ... There were a room spotless no dust at all. But
 there were something of the like that getting like some
 one is watching you. Being a lamp sell from the bed
 side table. "you shouldnt be snooping around were your dont
 belong." said a man as he picked up a knife. The boys
 ran down the stairs with the man close behind them.

As they ran out of the lighthouse they ran
 back home and locked in bed and went to sleep.
